STATEMENT BY SENATE MAJORITY LEADER JOSEPH L. BRUNO

Besicorp Approval

"Today's approval of Besicorp-Empire Development's local project is a critical step forward in our efforts to spur economic activity and ensure affordable energy, while turning a polluted, abandoned industrial site into a clean recycling and power development facility. By creating 1,200 new construction and full time jobs and generating much needed tax revenue for the city, county and school district, this project represents a tremendous opportunity for the City of Rensselaer and the economy of the entire Capital Region."
